1954 RED CROSS CAMPAIGN

VOLUME 9 — NUMBER 6

PAHOKEE, PALM BEACH COUNTY, FLORIDA, FRIDAY, APRIL 9, 1954

SINGLE COPY 10 CENTS

City Clerk To File

PAHOKEE — Mrs. Dorothy Graham, Pahokee city clerk, will be a candidate to succeed herself in the May primary, she announced this week.

In announcing her candidacy for a second term as City Clerk, Mrs. Graham said she would run on her record of economy and efficiency in administration of the city government, and constant improvements in that administration.

Mrs. Graham, who has not missed a session of Council since she took office in 1952, pointed out that in the 1952-53 fiscal year, with an administrative budget of \$20,000, the city ended the year with \$10,761.46 in unexpended funds turned back to the city. The end of this fiscal year is expected to show a similar economy in government operation, she said.

The City Clerk, who came to Pahokee from West Palm Beach, previously served the Bank of Pahokee as bookkeeper, was in charge of the money orders at the U.S. Post Office here, and prior to that was a substitute teacher in Pahokee schools.

Mrs. Graham is secretary of the Board of Trustees of Port Mayaca Cemetery, in addition to her City Clerk's duties. She is one of the only two lady members of the Lions club in Pahokee, is a member of the Business & Professional Women's Club, the Order of the Eastern Star, clerk of First Baptist Church, and a life member of the Woman's Society for Christian Service. She is well-known as a pianist and organist.

BELLE GLADE — Ninety-one Rotarians, Rotary Anns and guests gathered at the Clewiston Inn for the annual Rotary Anns meeting last Friday.

Rev. U. W. Malcolm offered the invocation before the roast turkey dinner. All Rotary Anns were introduced by their husbands. Roscoe Bradcock led the group singing "God Bless America" added to the evening by her readings and sang "Kiss Me Again." The new officers were introduced by the president, R. W. Kidder. They were J. Dr. Goodwin, a native of Thomasville, Ga., attended Vanderbilt University, Southern College, Peabody College and University of Pennsylvania, where he received his Ph.D. degree. He has conducted over 100 business round-tables. He spoke on "Your Game," meaning the "game" of working and earning a living. He listed the three contagious personality traits as: enthusiasm, friendliness, and good humor. These traits, he said, character could be developed and used to advantage in learning to get along with people in the "game" of life.

Post - Prom Plans Discouraged

PAHOKEE — A firmly-worded letter to parents of Pahokee high school junior and senior classes from Principal Clyde Canipe this week discouraged the planning of post-prom parties.

With Apr. 30 chosen as the date for the annual Junior-Senior Prom and banquet, the event should be made "the finest school activity of the year," and to plan additional, post-prom parties for that night "would very likely lower the quality of the prom," Canipe wrote in his letter.

The school cannot take on the added responsibility of chaperoning, planning, or financing such parties, and "We do not want to encourage them," he said in connection with these parties, the principal's letter said.

Students are pressuring their parents to stage such parties, and at the same time parents are objecting to plans for parties such as the ones the school is encouraging. Canipe said.

Therefore, the letter was sent out to tell the parents that the school felt the prom was important, not post-prom parties, and recommended emphasis on the former, he said.

I never knew that doors were so important to people. Particularly the doghouses are built with doors, because dogs don't rob each other, or take showers, or need peace and quiet in which to sleep.

About the only people I ever heard of who didn't have doors here, doors there, doors to the left and right of men were Golfers, Pebble Beachers, Zebraheads and their husband George.

They have a back door and a front door on their house, but no inside doors at all. I have this on authority from the bosses.

But you take Washington or Tallahassee, for instance. Every time I pick up the broadsheet paper I see stories about these "closed door" hearings and meetings.

There may be even more of them than I think, because occasionally in the mornings I am so sleepy that I am not a reliable reporter. The other morning, in fact, I ate the newspaper and read my breakfast bone. Never again!

Well, about the closed doors—I am against them, because it seems like every time they open one these days, a government circle, at least, is bound to fall on them that shouldn't have been there in the first place.

It's like Fibber McGee's closet. Open the closed doors and down crashes a heavy package labeled "Dragon-State Department of Fed," or "Overseas Highway Scandal," or something along those lines.

Of course, we have a closed door in our office every Thursday.

That only happened a couple of weeks ago, though. No. 2 decided that the press day writing tasks just had to be uninterrupted — comparatively speaking. So Mr. Early came down here and measured and hammered and sawed and the next day down he saw we had an editorial door. It says "Editor" in blue and silver.

It's only closed on Thursdays, though.

Because who ever heard of news being filtered through an inch and a half of wood?

**WASHINGTON
NEWSLETTER**

By Sen. George Smathers

WASHINGTON — As of April 1, taxpayers in the United States were given a billion dollar "bonus" and there should be a wholesome effect. It is expected that Florida will benefit especially from several phases of the excise tax reduction program.

A reduction to a flat ten percent of the transportation tax will account for \$900 million. This is the amount of money to be spent in Florida by every person visiting the state as indeed will the reductions ordered in taxes on telephones, and telegraph, beach bags, luggage, sun-tan oil, and other toiletries, jewelry, furs, sporting goods, cameras, film, lights and pens and pencils.

Exemptions from the administration taxes also will be a great boon to our state. Under the new law, there will be no admission taxes on small movie theaters with charge of 60 cents less than 500 seats. This also will apply to college athletic events, to museums of history, art, and science operated by government or non-profit agencies, and grade or high school athletic events staged for the benefit of hospitals for the disabled.

The Senate Finance Committee ruled that such admission taxes constitute "a special hardship" and agreed to write them off. And our great bowl game—the Orange Bowl, "Gator Bowl," Tamiami Bowl, Cigar Bowl, Orange Cup, Classic similar postseason football contests, will benefit from a reduction in the tax rate to 10 percent.

Administration leaders asserted that any further reductions would be of little value to a person's fiscal position, and it was not practical to attack this view successfully. Encouraging signs already are apparent however for some of those neglected by this year's bill.

LET'S KEEP CHARLEY JOHNS OUR GOVERNOR**Florida Can't Afford to Change Administrations Three Times in Four Years**

Every change of administration brings a period of waiting . . . delay . . . stagnation. Each new Governor finds adjustments personally desirable, but Florida cannot afford three changes of administration in four years.

Charley Johns, as Acting Governor, has gotten the State's progress moving again. He is rolling. Let's not waste another period of delay and uncertainty. Charley Johns has started a great ALL-FLORIDA program. Keep Charley Johns as our Governor. Give him a chance to finish the great program he has started.

CHRISTIAN SCIENCE GROUP

Canal Point

How sickness and disability may be overcome by bringing thinking into accord with the truth of God and man through prayer will be the topic of Christian Science services Sunday, April 11, at 10 a.m. and 12 noon. The subject is the Lesson-Sermon. Selections to be read from the Bible include the account (Matthew 9) of Christ Jesus' raising of Jairus' daughter from the dead, his restoring of sight to the two blind men, and his healing of the "leprosy possessed with the devil."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be read:

"Jesus strips all disguise from error, when his teachings are understood. He reveals the truth and argument he explains the impossibility of good producing evil; and he also scientifically demonstrates this great fact, proving by what are wrongly called miracles, that sin, sickness, death and poverty—illusory errors—which he could and did destroy" (343:14).

The Golden Text is from Jeremiah:

"Heal me, O Lord, and I shall be healed; save me, and I shall be saved; for thou art my praise" (17:14).

Rail oddities

AS AN AFTERMATE OF THE 1953 FLOODS, A RAILROAD TRAIN IN ROLLAND CALLED THE "EBB EXPRESS" ZARS ONLY WHEN THE TIDE IS OUT. AT HIGH TIDE THE TRACK IS UNDER SIX FEET OF WATER.

IN A BATTERED WORLD WHICH A CANADIAN RAILROAD TELEGRAM HAS BEEN PLAVING FOR 20 YEARS, BUT TURNED OUT TO BE A STRANGERS VAILED AT PASAGO.

BUT REPEATEDLY, A STEEL COMPANY RECENTLY CALLED UP A RAILROAD TO TRANSPORT THIS 30 TON SHEET WALL, 10 FEET BY 10 FEET, TO BE USED FOR POURING MOLTED STEEL GIRDERS. ENDLESSLY, THE "PACKET" WAS TO FOLD AND STRETCH ALMOST TO FOLD ABOVE THE RAILS. WITH THE BOTTOM ADDED THE LARGE HOLES 265 TONS.

Federal Excise Taxes on Telephone Service

REDUCED

Tax on Long Distance

REDUCED
from 25% to 10%

Tax on Local Service

REDUCED
from 15% to 10%

These are substantial reductions and we know you'll be glad to have them. The full benefit of the tax cuts, voted by Congress, comes to you. Not a penny goes to Southern Bell.

This means your telephone bill is being reduced by the entire difference between the old and the new taxes.

Instead of paying a 25% federal excise tax on Long Distance calls (15% on calls under 25 cents), you now pay 10%. On local telephone service, your tax is now 10% instead of 15%.

The tax reductions apply to all telephone service billed to you on or after April 1.

With the new, lower tax rates, your telephone is now an even greater value. It brings you a world of convenience at less cost than before—just pennies a day for the average family.

This reduction does not apply to municipal excise taxes where levied.

BELLE GLADE CENTRAL ELEMENTARY SCHOOL LIBRARY BUSY

1500 Books, Student Librarians Circulate

BY DOT TUCKER

With only the aid of a trained librarian one hour each day, Belle Glade Central elementary school library is one of the most active spots in the school, serving grades one through eight.

Many improvements have been made during this past year and others will be made soon.

The central library for the elementary and junior high school was established in September, 1952. Since that time the school has constantly striven toward bringing it up to a high standard. Believing that the library is a most important factor in the reading program, the faculty has encouraged the children's interest in the library.

1500 Books

Mrs. Dorothy Jones, the school librarian, reports that there are some 1500 books in the collection, and that approximately 500 are always in circulation. She says that the children read widely on many subjects. They read many more non-fiction books than the high school students read. During this past year a set of encyclopedias were purchased to be used in the junior high school classrooms. It is kept on a table which can be rolled from one classroom to another. This was a gift from the PTA library fund which has been greatly appreciated.

Most of the work of the library committee, Mrs. Jones and G. W. McClure have set up the organization and administration of the work in the smooth-running library. Mrs. Jones spends one hour a day in the elementary school, a set of books is spent in checking to see if books have been properly charged and checked into the library. She also trains and supervises the student librarians, gives help in locating materials and recommends changes and improvements.

Mr. G. W. McClure, science teacher, junior high science teacher, spends two hours a day in the

library. He is working on the card index at the present time and by the end of this year all books will be properly catalogued.

Student Assistants

Each room appoints two to four student assistants. These have been instructed by Mrs. Jones and G. W. McClure in checking out books, shelving books, writing overdue notices, arranging bulletin board displays, and in keeping books and magazines in their proper places. They include second grade, Charles Thompson, Joan Webster; third grade, Shirley Williams; fourth grade, Sherri Dupont, Robbie Parrish, Margaret Thomes, Doris Muller, Barbara Wolf, Frances Ball, Michaela Berryhill, Anna Marie LaChance; fourth grade, Gloria Sandoval, Wood, Renny Clegg, Janet Rhynes; Linda Sue Dran, Sandra Doss, Eddie Thomas, Irvin Blum, Eleanor Houmes; fifth grade, Bobby Thomas, Don Hobson, Mary Ann Tillery, Sandra Dran, Doris Zieman, Jimmy Davidson, Sammy Knight, Barbara Kirchman; sixth grade, Phillipine Potts, Mrs. Parson, Jane Bettis, Linda Cloce, Marilyn Matthews, Susan Clark.

Needs and plans for the future are: a better place for over-size books to be kept, a nook for primary children to browse through their attractive books, a long table chain low shelf with display shelf or display case for interests centers and displays of children's work, or 2849.

QUEENS BRAVE IN FACE OF 'BATHING BEAUTIES'

The delighted group in the top picture include Everglades Fair Queen Deores Abbott, in the center, and (l-r) Mayor Harold Rabin, Belle Glade, who crowned the queen at Saturday night's coronation; Miss Jane Webster and Miss Emily Henderson, runners-up and attendants to the queen, and Bob Newman, president of the Junior Chamber of Commerce, which sponsored the queen contest. While the judges were deciding on the winners, another set of "beauties" appeared on stage in a startling display of pulchritude. Left to right are Tommy Parker, Joe Henderson, and Eddie Crosby, of Belle Glade.

Florida's two United States Senators will be heard this week in a radio discussion over WSWN of the plans for development of Everglades National Park and its so-called expansion.

Appearing on Sen. George Smathers' weekly radio report from Washington Wednesday at 3:15 p.m., the junior Senator and Sen. Spessard L. Holland will talk about the park's program which has become the subject of widespread controversy in the state.

Secretary of Interior Douglas McKay recently issued an executive order which gave notice of intent to establish a northwestern section gateway to the giant park area, and included a tract of several thousand acres recently taken from public lands which the government is expected to take steps to purchase additional private lands within this northwest section, but has established no jurisdiction over these lands not yet required. The two Senators will discuss the plan along with other aspects of the park's program which last year brought 206,000 visitors to Florida and which last month drew more than 30,000 visitors.
